DETAILED ACTION

Allowable Subject Matter

Claims 4 (renumbered as claim 1) and 8-14 (renumbered as claims 2-8 respectively) are allowed.

The following is an examiner's statement of reasons for allowance:

Re claim 4, the prior art does not teach or fairly suggest" A digital camera comprising: an image sensor, a first exposer, a second exposer, an outputter, a generator, a first applier, a second applier, a third applier, and a shutter member... wherein said first exposer controls start and end time points of the first exposure by said first applier and said shutter member, respectively, and said second exposer controls start and end time points of the second exposure by said third applier and said shutter member, respectively".

Re claims 8-14, "A digital camera comprising: ... an image sensor formed with a plurality of first and second light-receiving elements, a first exposer for subjecting the first elements to a first exposure for a first period, a second exposer for subjecting the second elements to a second exposure for a second period, an outputter for outputting a first and second charge, a generator for generating an image from the first and
